

## **AP UNITED STATES HISTORY SUMMER ASSIGNMENT – 2022**

Students are to fill out name and party of every president beside the year he was elected on the included chart. Where there are missing years, there was a change in the presidency during a non-election year. Fill in the year there was a change, and fill in the name and party of the new president. All of this material needs to be memorized for a quiz during the second week of classes. There will be no quiz re-takes; students may take this quiz only once. Please use black ink.
