General Information

2017-2018 Student Accident Insurance

If you are interested in purchasing supplemental Student Accident Insurance for school related activities, please [click here](#) for more information. The plan provides 24/7 accident insurance for your student. This is not a health insurance plan and does not cover non-accident illnesses, sickness, or well care.

Reminders from the Clinic / Attendance Office

Parents must call the attendance hotline ([239-274-6746](tel:239-274-6746)) by 9:30 a.m. the day of an absence. Students are required to present a written note to the School Nurse stating the reason for the absence on the day they return to school. If a note is not turned in the day the student returns, a detention will be given each day until a note is received. If a doctor has seen the student, medical documentation should accompany the parent note. If it is necessary for a student to leave school for an appointment, a note signed by a parent or guardian must be presented to the School Nurse prior to the start of the school day. The note must give an explanation of the circumstances and the time of the departure. Parents are discouraged from arriving on campus without earlier notification to pick up their child for unexpected appointments.
